ABOUT ME

Recent Bachelor of Science in Information Technology graduate specializing in web and mobile application development, with hands-on experience in Laravel, MySQL, and API integration. Experienced in full-stack development through internships and academic projects, with a strong foundation in building, testing, and maintaining web-based systems. Seeking an IT Developer or any IT-related role where I can apply my technical skills, problem-solving abilities, and willingness to learn and grow in a professional environment.

WORK EXPERIENCE

INDRA Philippines Inc. / NLEX Corporation | November 2025 - Present

Field Technician

- Performed hardware and system maintenance for operational equipment
- Diagnosed and resolved technical issues in field environments
- Assisted in network device setup and troubleshooting
- Ensured system reliability and minimized downtime

Interconnect Systems Inc. | March 2025 - June 2025
